PRODUCT DATASHEET WTC2111

WTC2111

(600324)

PassivePlus Car Kit for Motorola MXP600.

Compatible with belt clip PMLN5616B. Not compatible with belt clip PMLN8181A.

The WTC2111USB is a robust, passive radio charger for the Motorola MXP600 and ideal for all applications where pure, uncomplicated charging is required. Thanks to its precise fit, the charger supports multiple battery types and provides stable contact – ideal for emergency services, industry, security, and all mobile environments.

Product description

The passive charging cradle allows fast charging and trickle charge in the vehicle for your radio device. The active function is indicated by LEDs. The locking is done through a pressure mechanism at the upper end. The charging cradle is connected to the onboard power supply.

Programming and PEI possible via USB connection.
