Passive radio charger for your ICOM IC-SAT100

The WTC3001 is a robust, passive radio charger for the ICOM IC-SAT100 and ideal for all applications where pure, uncomplicated charging is required. Thanks to its precise fit, the charger supports multiple battery types and provides stable contact – ideal for emergency services, industry, security, and all mobile environments.

#### Product description

The passive radio charger is small and compact. It provides fast charging and charge retention functions for your ICOM IC-SAT100 radio in your vehicle. The charging cradle is connected to the vehicle's electrical system. An original belt clip is recommended for secure attachment.
