Passive radio charger for your Motorola R2

The WTC3204 is a robust, passive radio charger for the Motorola R2 and ideal for all applications where pure, uncomplicated charging is required. Thanks to its precise fit, the charger supports multiple battery types and provides stable contact – ideal for emergency services, industry, security, and all mobile environments.

Product description

The passive radio charger is small and compact. It provides fast charging and charge retention functions for your Motorola R2 radio in your vehicle. The charging cradle is connected to the vehicle's electrical system. An original belt clip is recommended for secure attachment.
