PassivPlus Car Kit for KENWOOD radios TK-290FuG11b.
Usable with batteries KNB-21N, CPKKNB17A and R290.

General Description

Beyond to the usual functions of fast charge and trickle charge the PassivPlus Car Kit an external antenna adapter can also be connect. An additional antenna adapter is required for this (not included), so the signal is used from the external antenna instead of the conventional signal from the radio. This is to purchase separately . The Car Kit is connected to the on-board power supply.
