Passive Car Kit for KENWOOD radio TK-D240.

Usable with batteries KNB-45L and KNB-69L.

The WTC1905 is a robust, passive radio charger for the KENWOOD TK-D240 and ideal for all applications where pure, uncomplicated charging is required. Thanks to its precise fit, the charger supports multiple battery types and provides stable contact – ideal for emergency services, industry, security, and all mobile environments.

Product description

The passive Car Kit is small and compact. It provides the functions of fast charge and trickle charge for your radio in the vehicle. The active function is displayed by the two LED. The Car Kit is connected to the on-board power supply. We recommend to use an original belt clip for a save latch.
